KEY ACTIONS FOR SUCCESS

PRE-ARRIVAL – FIRST TIME

- Verify CDL credentials
- Register in the IANA/UIIA Intermodal Driver Database – uiia.org
- Download the ShipCSX app from Google Play or the Apple Store and verify billing
- Access the XGate app and plan all in-gate/out-gate moves
- Attend a New Driver Orientation at the terminal office Mondays at 10:00 a.m.

PRE-ARRIVAL – ONGOING

- Verify billing in ShipCSX.com
- Ensure information integrity

ARRIVAL

CAUTION: Enter through the in-gate portal no faster than 5 MPH

XGATE

- XGate mobile applications users only
- Have in-gate mission code ready to scan
- After scanning in-gate QR code, follow mission as directed
- For assistance, use the phone located inside the Driver Assistance area to be directly connected with a terminal representative

SSK IN-GATE

- Ensure information integrity
- Enter CDL, Container Number, Chassis, Seal and Booking Numbers
- Press “NO” on Keep Chassis Prompt
- Follow directions on J1/Mission Ticket or as provided by kiosk
- Retain J1/Mission Ticket for out-gate
- For assistance, use the phone located inside the Driver Assistance area to be directly connected with a terminal representative

ROADABILITY

- Drivers with equipment issues should proceed to roadability area

DEPARTURE

XGATE

- Must use XGate on out-gate if used for in-gate
- Wait for driver ahead to clear
- Enter XGate portal at 5 mph, maintain constant and consistent speed
- Scan out-gate QR code
- For assistance, use the phone located inside the Driver Assistance area to be directly connected with a terminal representative

SSK OUT-GATE

- Must use SSK on out-gate if used for in-gate
- Travel in designated SSK lane
- Verify and have Container, Chassis, Seal, Pickup and Booking Numbers
- For assistance, use the phone located inside the Driver Assistance area to be directly connected with a terminal representative

TERMINAL-SPECIFIC PROCESSES

CLEVELAND, OH

OPERATING PROCESS

- Obey all posted speed limit and traffic signs.
- Ramp equipment has right-of-way.
- Park in area indicated on app or ticket.
- Bolster should be even with yellow line.
- Draymen must remain in their vehicles while receiving service at Roadability.
- All units require billing except for empty CSXUs and UMXUs.
- Equipment will be refused if the door cams are not locked in the container.
- Bad orders requiring a live lift must be approved by Roadability.

IN-GATE

- Use Drive-up or Walk-up kiosks to process mission.
- For severely damaged equipment, go directly to Roadability.
- Remove and properly dispose of zip ties.
- Ensure lock bars are engaged.

LIVE LIFT PROCESS

- Do not pull forward until directed to do so by crane operator.
- Draymen must ensure all pins/twist locks are unlocked and open prior to lift in the transfer spot (TTR TS).
- If draymen are getting their container mounted, they must ensure the pins are pulled in the open position.
- Draymen are required to set the brake before exiting the cab and stand in front of the truck on the driver side in view of the operator while cranes perform a live lift.

OUT-GATE

- Using the XGate app, draymen are responsible for verifying they have the correct units.
- Out-gate portal uses cameras to verify unit numbers.
- Do NOT back out of the out-gate lane.

DRIVER ASSISTANCE

Draymen requiring assistance should report to the Driver Assistance area.
